

WHAT MOTIVATES LIKE MINDED?

TEAM WORK AS A FLIGHT
OF GEESE

When you see the geese migrating,
going to a warmer place,
to avoid the winter...

Pay attention that
they fly in a “V” formation

Maybe you will be interested in knowing
Why they do it this way...

By flying in a “V” formation....

The whole flock increases
the flight efficiency by **71%**

Compared to just one bird flying alone

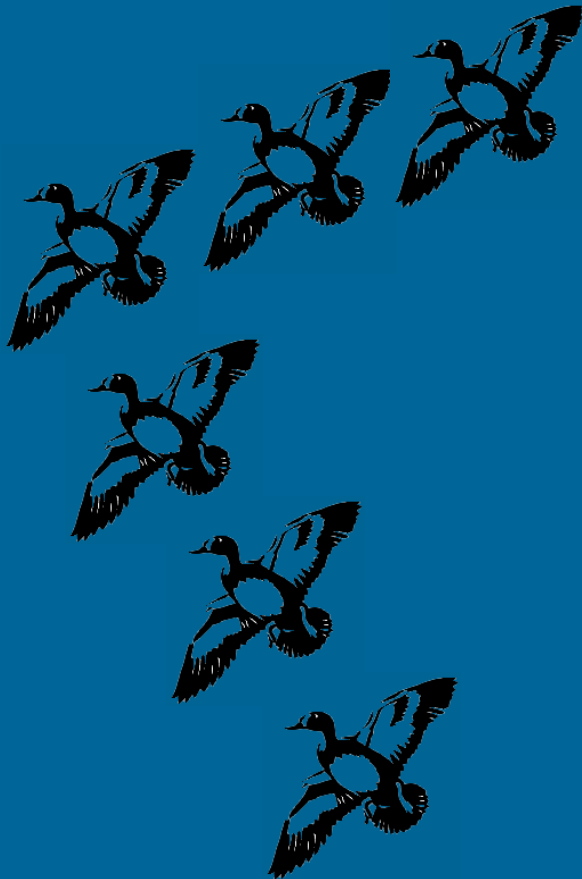

Lesson 1:

Sharing the **same**
direction
and **working as a**
team,

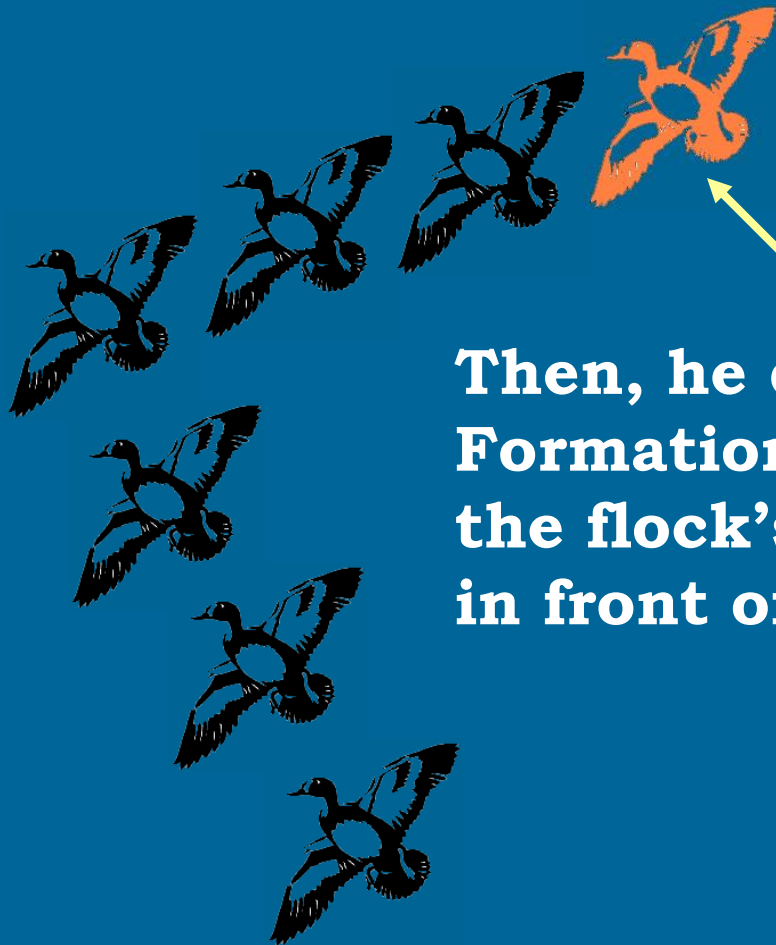

get us to the destination
quicker and easier.

When a goose leaves the formation..

He feels the **resistance of the air**
and the difficulties of flying alone...

Then, he quickly comes back to the Formation to take advantage of the the flock's power in front of him ..

Lesson 2:

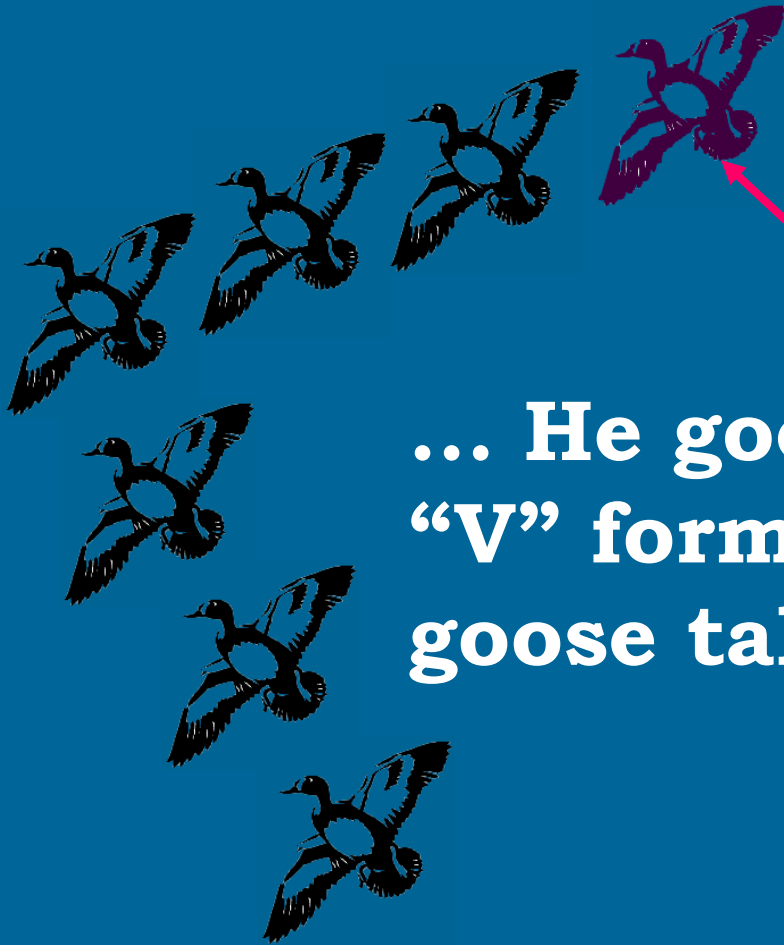

By **staying united** ,the
effort will be less.

It will be **easier and
pleasing to reach the
goals.**

When the **leader** goose gets
tired of flying...

... He goes to the end of the “V” formation. While another goose takes the lead.

Lesson 3:

To share the leadership,

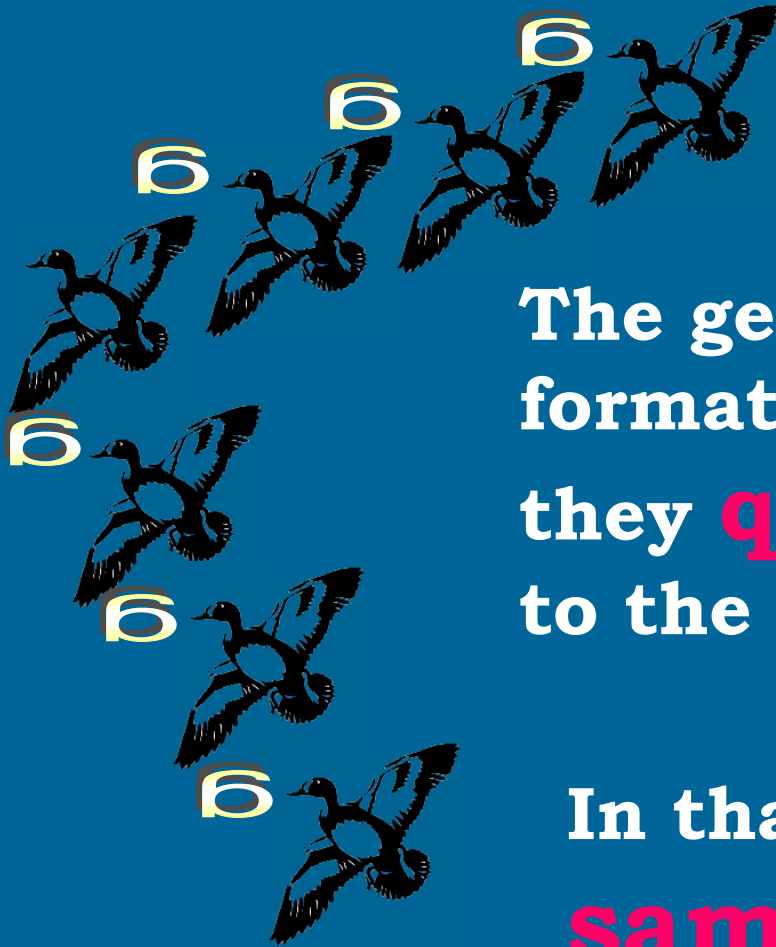

There must be **mutual respect**

between us

all the time...

**LEADERS CHANGE
LEADERSHIP SHOULD**

NOT !!!

The geese flying on a “V”
formation,
they **quack** to encourage
to the ones in the front.

In that way, they keep the
same speed.

Lesson 4:

When there is **courage** and
encouragement,
the progress is greater..

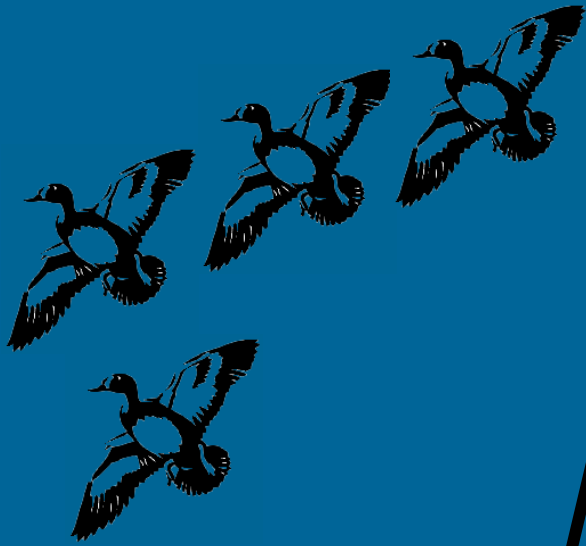

**When a goose gets sick, is
Injured or gets tired ,**

**And he must leave
the formation...**

**Other geese leave the formation
too,
and they fly with him to help him
out
and protect him.**

**They remain with him
until he dies
or he is able to fly again.**

Lesson 5:

**Let's stay
beside each other
no matter what the
differences.**

**Specially in times of
difficulty
and great challenges..**

OVERALL LESSON

**With the spirit of teamwork..
regardless of our differences,
we can meet the challenges and
reach our goal much efficiently.**

**If we are aware of
the feeling of sharing...
and caring...**

**LIFE WILL BE
EASIER
AND MORE
FULFILLING ..**
